

PMO Setup Services

Helping you set up and manage a business driven PMO

BOT International
Services Overview

PMO Setup Services

Headed by Harlan Bridges, PMO Setup Practice Lead, BOT International offers PMO setup services provided by internationally-recognized PMO experts designed to give you information, experience and support at each phase of your PMO setup.

Unbiased, Customer First Advocacy

Unlike consulting organizations or software vendors who have inherent conflicts of interest and who do not make expert resources available without a tie-in to a substantial purchase, our PMO setup practice uniquely places your success as our first priority. This gives you an unprecedented level of access to subject matter experts and confidence that comes from a top-tier advocacy that is focused on maximizing your value, lowering your risk and helping you successfully achieve your business results.

PMO 010: Business Driven PMO Assurance

Duration: Three days, Price: \$10,000

This engagement is designed to work with the constituents of the PMO to determine a unanimously agreed to business purpose and mission for the PMO. An actionable set of PMO goals and measurable objectives will assess PMO value and specify PMO accountability.

PMO 020: Business Driven PMO Strategy

Duration: Three days, Price: \$10,000

We help you develop a business driven PMO strategy that will identify specific PMO needs and critical success factors. These needs and success factors will be assessed in terms of your current state, improvement desired, and benefit of achieving the improvement desired.

PMO 030: PMO Setup Program

Duration: Two days, Price: No-charge

The PMO Setup Program is a no-charge onsite setup program for customers implementing Processes On Demand. Two to six participants are recommended, including those responsible for PMO processes, templates, dashboards, learning resources, and integration to PPM tools and collaboration platforms.

PMO 040: PMO Setup Boot Camp (Orlando, Florida)

Duration: Three days, Price: No-charge

The PMO Setup Boot Camp is a private, one-on-one, workshop for customers implementing Processes On Demand. The PMO Setup Boot Camp is ideally suited for organizations preferring to install and customize Processes On Demand in an offsite, focused, and interruption free environment.

PMO 050: Onsite PMO Administrative Services & Support (ezPASS)

Duration: Two day minimum, Price: \$2,000 per day

PMO ezPASS provides onsite BOT International resources as an extension of your PMO team that can help you develop and maintain the content assets of your PMO. PMO content assets exist in the form of processes and templates, policies and dashboards, training and learning resources, and the integration of PMO tools and collaboration platforms into the best practices and day-to-day fabric of your PMO.

PMO 060: Remote PMO Administrative Services & Support (ezPASS)

Duration: Two day minimum, Price: \$1,500 per day

PMO ezPASS provides remote BOT International resources as an extension of your PMO team that can help you develop and maintain the content assets of your PMO. PMO content assets exist in the form of processes and templates, policies and dashboards, training and learning resources, and the integration of PMO tools and collaboration platforms into the best practices and day-to-day fabric of your PMO.

PMO 070: PMO Architecture Strategy and Design

Duration: Two day minimum, Price: \$1,500 per day

We work with you to identify your PMO architecture related goals and objectives and to plan, design, and establish the components of your PMO architecture such as PPM tools, collaboration platforms, desktop tools, and PMO content assets. We help you set up and evolve the components of your PMO architecture to best meet the objectives and operational needs of your PMO.
